

Pop-up Box

- Cut out template around the black lines.
- Score the Red lines.
- Then stick tab A on one half to location B on the other half.
- Stick tabs C and E to points D and F respectively on both halves
- Sew an elastic band to point G, not at the crease, on both halves. It helps to make 2 holes first. Use tape to secure the tread.
- Once you are happy with the tension stick the final tab A to point B.
- A sleeve can be made to fit your collapsed and embellished box ensuring the sleeve has deep enough sides.
- The measurements for the sleeve are 17cm x 24cm
- Score a line at 10cm and $10\frac{1}{2}$ cm then 20cm and $20\frac{1}{2}$ cm.
- Punch out finger holes using a circle punch.
- Decorate to match your box.
