

Wine Bag

Instructions

1. Print off all your elements from the cd.
2. Cut along the solid lines and score along the broken lines.

3. Attach the long pieces together along one side where marked using double sided tape.
4. We will now work on the pieces for the base. Place double sided tape along the tab and attach along the bottom as shown.
5. Do the same to each piece.

6. Attach the top pieces together where marked.

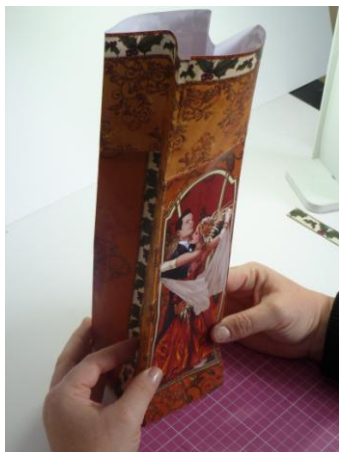

7. Attach to the top of your bag by putting double sided tape along the tab where shown.
8. Now put double sided tape along the long edge and bring your bag together as shown.

9. Go back to the bottom of your bag and put double sided tape on the inside of one of the flaps. Attach to the top of the opposite flap as shown. Put your arm inside the bag to help adhere the flaps together.

10. Turn your bag the right way and pinch the sides together gently.

11. Decorate your bag and turn the top over. Finish off with a large bow.
