

Angels Of Inspiration

Directions

Choose a topper from a Design sheet from the cd. Using the "Snapshot Tool" highlight your topper. (See "Help" section on the cd for full instructions on "How to print one image"). Print the topper making sure you set the Page Scaling to "Fit to Printable Area". This will create a large topper.

If your printer will take it, print directly onto card, otherwise back your topper onto card now to give support. This will be the front of your card. Using a Versa Pen, colour the wings in. It will be difficult to see where you have been as it is a clear ink but don't worry you can always fill in the missing bits later. Pour over the Print Magic and tip off the excess onto a piece of paper. Do not tap the sheet, if there are bits of Print Magic where you don't want it to be use a fine paintbrush to brush it away. Pour the powder back into the pot. Using a heat tool, heat from underneath until the powder has melted. Move the tool slowly across the area where the Print Magic is until all the powder has melted. This will create texture and dimension to the wings.

Next we will create the back of the card. Lay the front face down on top of a blank piece of A4 card. Lightly draw around the outside. Cut out following the line. From the top measure down approximately 2 inches (5cm) and score across the top. This will create a small tab. Put double sided tape or glue above the score line on the small tab. Attach the front to the back matching up the edges.

Now for the inside. Print off a sheet from the Words of Inspiration cd. Tear one of the sentiments out carefully. Tear towards you to create a distressed look. Once torn, distress the edges further using a Distressing block. Next blend Distressing ink around the edges using a Blending Tool. Use small circular motions around all the edges. Use a colour to co-ordinate with the colours on the front of your card. Attach the sentiment to the inside using double sided tape or glue.

Finish the front by adding highlights of glitter and self adhesive gems.

Ingredients

White Card

Design Sheet (Angel CD)

Sentiment Sheet (Words of Inspiration CD)

Distress Ink, Print Magic, Versa Pen,

Gems, Glitter

Equipment

Scoreboard

Bone folder

Glue or double sided tape

Distressing Tool & Blending Tool

Heat Tool

Scissors

Paper trimmer
