

# Shabby Chic Angels

## Directions

Print a Design sheet and co-ordinating backing papers from the cd. Cut out all the elements from the design sheet and put to one side.

Cut a piece of backing paper 20cm x 20cm and attach to the front of the card leaving a small even gap around the edges. Attach using double sided tape or glue. Take a co-ordinating piece of paper and tear across. Tear towards you to create a distressed edge. To distress it further, blend Distress ink around the edges. Use small circular motions to get an even coverage.

Position this piece onto the front of your card. This piece is to break up the background a little. Do not attach at this point. Position all the other elements around the card. Move them about until you are happy with the arrangement. Once happy, start attaching each piece.

Attach some with foam pads to give extra depth and dimension and attach others with double sided tape or glue. Make two hatpins from Crystal beads and headpins. Thread the bead onto the head pin and secure with glue at each end of the bead. Attach these onto a Shabby Chic embellishment with silicone glue or strong tape. Then attach a paper flower to cover the adhesive. Attach the whole thing to the front of the card as shown.

Tuck decorative feathers behind one of the toppers.

Finish with highlights of glitter and self adhesive gem.

## Ingredients

- 1 White 21cm x 21cm Square Card
- Design Sheet from Angels cd
- Backing Papers from Angels cd
- Distress Ink
- Hat Pins
- Embellishments
- Feathers
- Glitter

## Equipment

- Scoreboard
- Bone folder
- Glue or double sided tape
- Blending Tool
- Scissors
- Paper trimmer
